

Future Student Engagement Options

The Future Students team provide a number of free services, from university presentations tailored to specific year groups, to one-on-one course counselling sessions in which we provide guidance to students related to course information and pathways into Murdoch University. We can even organise on-campus visits for groups of students.

Year 9 Careers Taster Program	Allow for a minimum of 4 hours 1-hour Presentation and 3 x workshops	Available between August – November each year, this activity is ideal for those teachers looking for learning opportunities that expand on the student’s understanding of what a career is and how it’s impacted by the changing world we live in. It also looks at the importance of self-exploration when making career decisions. It includes a (Non-Murdoch specific) Career Presentation, and a number of workshops run by our Student Ambassadors. Please see the attached flyer for further information.
Year 10 Presentation	30 – 45mins	The Year 10 Presentation provides a general introduction to university (why go to university, key terms, study timetable etc.). It also provides some general information about Murdoch University. This includes an overview of our study areas (and relevant information for subject selection), admission pathways and an introduction to Murdoch University.
Year 11/ 12 Presentation	45 – 60min	This presentation can be delivered to either Year 11 or Year 12 students. The focus is on an introduction to Murdoch University, course information and admission pathways (ATAR and Non-ATAR). Information provided in this presentation is more specific and detailed than the above.
Pathways Presentation for Non-ATAR Students	30 – 45mins	The Pathways Presentation is similar to the Year 11 and 12 Presentation; however, it only explores alternative pathways for ATAR or Non-ATAR students. These are also explored in a little more depth and includes pathways such as our Enabling Courses, VET pathway, Portfolio Pathway etc
Course Counselling Sessions	15mins each	We can provide one-on-one course counselling sessions at the school to discuss course information and pathways into Murdoch University. Parents are welcome to join the session if they wish.
Transition to University Presentation	45 – 60mins	This presentation is perfect for parents and supporters where we go through career and university options, address the key facts and barriers that may present to our students and the support options available through out their transition.
On-Campus Visits	Allow for a minimum of 3 hours	We are happy to welcome small groups of students or even whole cohorts on-campus. These visits can include a campus tour, interactive activities and a presentation.
School Expos & Parent Evenings	Various	We are available to attend any school expos or parent information evening that you may have coming up in 2023.
Curriculum-specific workshops	Various	The Outreach team deliver hands-on curriculum-specific workshops and events for secondary school students. We can run these workshops on campus or at your school. Contact: outreach@murdoch.edu.au
